

TEST RESULTS

	Manufacturer	Material	Variant /Version	Price category	Performance / Precision	Comfort / Handling
GLOVES						
	Hygostar	Thermoplastic elastomer (TPE)	powder-free, non-sterile	extremely low	Low friction, high accuracy	Good gliding characteristics; it can be put on over another glove.
	Kimberly-Clark	Nitrile	powder free	medium	Medium friction, medium accuracy	Medium gliding characteristics
	LEIPOLD + DÖHLE	Natural latex	velourised	high	High friction, lower accuracy	Lower accuracy because of the thickness
	Beko	Polyethylene	non-sterile	low	High friction, high accuracy	Medium gliding characteristics
	Honeywell	Polyurethane	powder free	low	High friction, high accuracy	Medium gliding characteristics
	Vileda	Natural latex	Cotton flocking	high	High friction, lower accuracy	Lower accuracy because of the cotton flocking
TOUCH PENS						
	STAEDTLER	n/a	Pencil	medium	Medium to high accuracy	Good gliding characteristics; causes no noises when touching
	Troika	n/a	Stylus	very high	High accuracy	Good gliding characteristics; causes no noises when touching
	n/a	n/a	Touch pen pluggable into a phone	extremely low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching
	n/a	n/a	Key tag	extremely low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching
	n/a	n/a	Key tag	low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching
	n/a	n/a	Twist ballpoint pen	low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching
	Reflects	n/a	Touch pen with a shopping cart chip	low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching
	hama	n/a	Touch pen with a clip	high	High accuracy	Good gliding characteristics; causes no noises when touching
	n/a	n/a	Touch pen pluggable into a phone	extremely low	Medium to high accuracy	Medium gliding characteristics; causes some noises when touching

* This table is only intended to give a rough overview of the different, tested gloves / touch pens and their test behaviour.

* Diese Tabelle soll nur einen groben Überblick über die verschiedenen, getesteten Handschuhe / Touchpens und deren Testverhalten geben.
